- RT Ambassador
- Labour market training

# REGISTER TREASURER

Member of the management board  
of the post graduate program  
"Treasury Management & Corporate Finance"

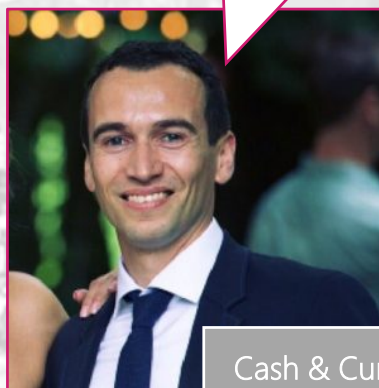

The program is a strong combination of die-hard deep dives in treasury subjects

The RT program is without any doubt the best and most comprehensive treasury course in The Netherlands.

Each day within Treasury is different and I really appreciate this aspect. The RT program offered me the opportunity to get the best education in the field of Treasury.

Treasury Director at Nike

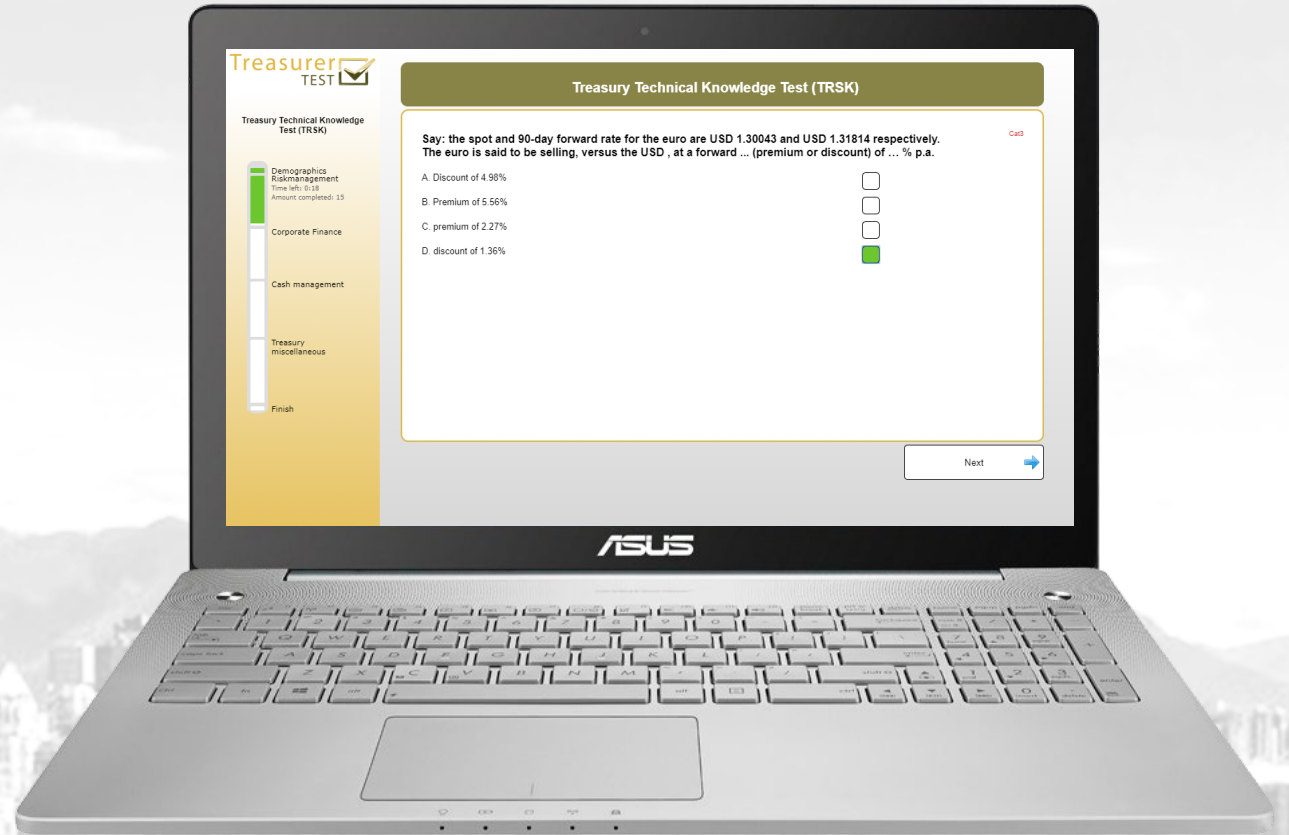

Cash & Currency Manager at Royal Boskalis Westminster NV

Corporate Treasurer at NewCold.

# Treasurer TEST

The Treasurer Test is a valuable resource for your career. Based on scientific principles of skill and personality assessment, it measures your technical knowledge in treasury and determines your professional personality profile.

# Treasurer TEST

Measures the four disciplines:

- Risk Management
- Corporate Finance
- Cash Management
- Miscellaneous Treasury Skills

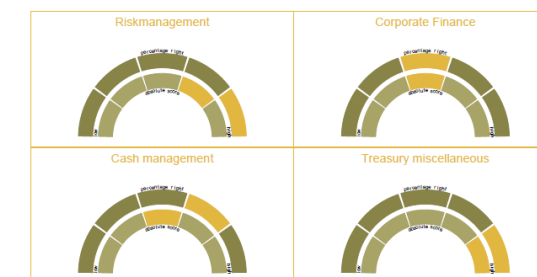

Measures the Personality Profile

- Based on the "Big Five" theory

## Treasurer TEST

### Treasury Technical Knowledge

#### Reading instructions: Technical Treasury Knowledge

The questions you have answered are of an increasing complexity. The more complex questions are rated with a higher score. It is not expected that you answered all questions of this section within the allowed time. Your results are compared with your peer group. There are four categories:

1. No Treasury Experience
2. 0-3 years treasury experience
3. 4-8 years treasury experience
4. 9 or more years treasury experience.

#### Upper semi-circle

The percentage of the questions you answered correctly is compared to the peer group percentage. If you score on the right hand side, you scored your "percentage right" is relatively high.

#### Lower semi-circle

Your absolute score is compared to the score of your peer group and is achieved by answering many and/or the complex questions correctly.
